About the Valley Floor Tour

The Yosemite Valley Floor Tour is approximately 2 hours long and can be enjoyed during the warm months in an open-air tram, and during the colder months from the comfort of a heated motor coach with panoramic windows. Led by park rangers and Yosemite Hospitality naturalists, you'll get to see all of the highlights at Yosemite, as you learn about the history, flora, and fauna throughout the park.

Sugar Pine Railroad Tour

The steam train ride is a one-hour narrated excursion through the beautiful Sierra National Forest. The ride will travel over four miles on the historic Madera Sugar Pine Railroad. You will travel along the historic right-of-way of the Madera Sugar Pine Railroad where mighty lumberjacks felled the timber and flumes carried the lumber to the town of Madera. The conductor will tell of the history of the line, the trees, and the wildlife native to the area. Enjoy a brief stopover in the Lewis Creek Canyon to see the locomotive up close, or explore the outdoors before your return trip to the station.
